

ADAM Questionnaire

If you have concerns about "Andropause" and that your testosterone levels may be low, this set of ten simple questions is a good place to start.

Circle YES or NO to each of the following questions:

- | | | |
|--|-----|----|
| 1. Do you have a decrease in libido (sex drive)? | Yes | No |
| 2. Do you have a lack of energy? | Yes | No |
| 3. Do you have a decrease in strength and/or endurance? | Yes | No |
| 4. Have you lost height? | Yes | No |
| 5. Have you noticed a decreased "enjoyment of life?" | Yes | No |
| 6. Are you sad and/or grumpy? | Yes | No |
| 7. Are your erections less strong? | Yes | No |
| 8. Have you noticed a recent deterioration in your ability to play sports? | Yes | No |
| 9. Are you falling asleep after dinner? | Yes | No |
| 10. Has there been a recent deterioration in your work performance? | Yes | No |

If you answered YES to questions 1 or 7 or any 3 other questions, you may be experiencing androgen deficiency (low testosterone levels) and follow up testing may be useful.
